

WHY KôZ MATTERS

KôZ International provides education, inspiration, and opportunity to at-risk youth through the support and sponsorship of Bright Lights Learning Center, an award-winning ALS school in Manila, Philippines.

WHAT IF...

your actions could keep a young person from becoming a drug addict or drug dealer?

your choice to help could prevent a young lady from selling her body or, worse, being forced to do so against her will?

you knew that when you sent funds for education and care to those who have neither, you are empowering and enabling a person whose future is currently blocked from opportunity?

your support allowed a child to go to school instead of having to work full-time to support his/her family?

When you partner with KôZ, the 'what if's' become possibilities! Hopelessness and despair are turned to hope and optimism when partners give opportunities for a brighter tomorrow. Together with KôZ, you carry education, mentoring, training and opportunity to young people who typically go unnoticed and overlooked. You do something incredible! **In a partnership with KôZ, you help change the cycle of poverty and its effects, not just for one student, but for their whole family!**

WHO IS KÔZ?

KôZ International is a 501 © (3) non-profit, student sponsorship organization that provides education and essentials for at-risk, urban poor youth in Manila, Philippines. We raise funds for this endeavor through events, donations, and monthly student sponsorships. We support our precious, hard-working students through a variety of programs:

- **The Alternative Learning System Program (ALS)** provides a dignified, holistic education at Bright Lights Learning Center for youth in need of an opportunity to regain momentum in their education pursuits.
- **The College Scholar Program** offers ongoing higher educational for students who pass their high school exams and have dreams of a college diploma.
- **The External Student Program** enables urban, under-resourced students to continue in their formal education by providing needed funds for transportation, clothing and school supplies.
