WHAT ARE SPORTING CLAYS?

Sporting Clays are different than your average clay shoot. The scoring is similar to golfing where participants go from station to station in a beautifully wooded area using their effort and skill to break 10 clays at 10 different hunting scenario style stations with their team of 4 shooters.

It's an absolute blast!

Our Clay Shoot event is being held on Saturday afternoon, April 23rd, at the nationally recognized Oak Creek Sporting Club in Brainard, NE (www.oak-creek-club.com).

We welcome all skill levels – beginning to professional – to come and have a great time!

Dear Friends of KôZ,

This year, on April 23, 2022, KôZ International is hosting its **3rd Annual Sporting Clays Tournament!** We will contribute all our proceeds toward our goal of **inspiring and equipping under-resourced youth in Manila, Philippines!** Included in this unique afternoon of fun is an all-you-can-eat BBQ dinner, raffles, fantastic prizes and surprise give-a-ways. It will be a day to remember and enjoy!

Last year Clays for KôZ raised over \$13,500! With those funds, we were able to carry on our effort of caring for at-risk children in Manila by providing:

- Secure School Facilities
- Qualified Teachers
- School Supplies
- Education:
Elementary through College
- Job Placement Guidance
- Nutricious Meals
- Medical and Dental Assistance
- Leadership Training

WHO IS KôZ?

KôZ International is a 501 © (3) non-profit, student sponsorship organization that provides education and essentials for at-risk, urban poor youth in Manila, Philippines. We raise funds for this endeavor through events, donations, and monthly student sponsorships. We support our precious, hard-working students through a variety of programs:

(1.) The **Alternative Learning System Program (ALS)** provides a dignified, holistic education at Bright Lights Learning Center for youth in need of opportunities to regain momentum in their education pursuits.

(2.) The **College Scholar Program** offers ongoing higher education for students who pass their high school exams and have dreams of a college diploma.

(3.) The **External Student Program** enables urban, under-resourced students to continue in their formal education by providing needed funds toward transportation, clothing and school supplies.

Why KôZ Matters

KôZ International is eager to provide education, inspiration, and opportunity to at-risk youth through the support and sponsorship of Bright Lights Learning Center, an award-winning ALS school in Manila, Philippines.

The cycle of poverty has devastating outcomes for children of all ages. In atmospheres such as this, injustice runs rampant: hunger, dirty water, human trafficking, abuse, lack of knowledge, lack of education, lack of dignity, and vulnerability of every kind.

What if...

- » **your actions** could keep a young person from becoming a drug addict or drug dealer?
- » **your choice** to help could prevent a young lady from selling herself or worse, being forced to do so against her will?
- » **you knew** that when you sent funds for education and care to those who have neither, you are empowering and enabling a child whose future is currently blocked from opportunity and hope?
- » **your support** allowed a child to go to school instead of having to go to work full-time to support their family?

When you partner with KôZ, 'what if's' become possibilities! Hopelessness and despair are turned to hope and optimism when partners give opportunities for brighter tomorrows. Together with KôZ, you carry education, mentoring, training and opportunity to children who typically go unnoticed and overlooked. You do something incredible! **In a partnership with KôZ, you help change the cycle of poverty and its effects, not just for one student, but for their whole family!**

At KôZ International, our primary aim is toward children who have dropped out of school for various reasons but want a chance to attend school once again. For them we offer a path to re-enter formal education and complete primary schooling in order to achieve a diploma. This is possible because compassionate Student Sponsors, like you, generously give \$42 per month to cover a student's educational needs.

Secondly, for young people who graduate our programs and qualify, we provide full scholarships to complete college! Again, this happens through our monthly Student Sponsorship program. By helping young people finish high school, go to college and learn a trade, we empower and enable them to pursue a better future!

We aspire to provide hope and opportunity as catalysts for brighter futures one student at a time. We have seen that solutions for tomorrow come, not from you or I, but from those very students we empower and enable **today!**

Lastly, we provide aid and support to families of young children who struggle to provide for their families. The number one reason many kids from extreme poverty quit school is because of a lack of resources simply to buy pencils or pay for transportation to and from schools. Most developing countries cannot support these needs, so just getting to school is prohibitive. KôZ steps in with aid to keep kids in school, to encourage the families who support them, and we delight in seeing students cared for one by one!

— VENUE INFO —

Oak Creek Sporting Club is a nationally known sporting clay course located in Brainard, Nebraska. Its thoughtful, creative design replicates every conceivable shot encountered in a natural field - covey rises, geese settling onto a lake, crossing woodcocks, and flushing pheasants. With its natural landscape, beautiful ponds, and challenging stations, it's no wonder that Oak Creek's sporting clay course is ranked in the Top 20 courses in North America.
